PLAYERS Fans voted for new FIFA 19 cover star Lionel Messi in the FIFA Ultimate Team Global Series (FUTGS) this past August, beating Real Madrid star Cristiano Ronaldo to the top global shirt in an online fan poll of all players with over 100,000 votes. Messi, who has long been one of the world's greatest footballers, is the most talented player on the pitch and he embodies the passion and swagger of the Argentina national team. In comparison, Ronaldo is more of a polarizing figure, and his most notable achievements come with his club, the Los Blancos. However, on FIFA 18, Ronaldo brought in a career-high 72,700 votes compared to Messi's 66,600. The Fifa 22 2022 Crack Global Series (FGS) cover has been announced - and the UEFA.com Predictor tool has already begun analyzing its importance. The best UEFA.com Prediction Contest began

on April 10, allowing anyone to challenge their friends to a friendly game of FIFA 21 to test their footballing mettle. UEFA.com also polled more than 1,000 football fans on the decision, and the FGS was voted by soccer pundits as the second-most important FUTGS we've seen so far. INJURIES Fifa 22 Torrent Download has featured a new Injury System for the first time, allowing players to sustain repetitive, cumulative and serious injuries. Players will no longer suffer instant, catastrophic injuries when caught at full stretch by a tackler - players will be assessed and the ability to take real action to recover from an injury and come back into the game will be considered. A new Physical Trainer will allow the player to control the player's recovery rate depending on the severity of the injury; this will make the player stronger more quickly and also help prevent players becoming too injured if they're struck in a vulnerable area. For example, players with broken legs or concussions will not recover as quickly as players with muscle strains. The intelligence of players will also be heightened - they'll think more tactically and make crucial decisions more quickly, making them harder to beat. Game Your Pass and Become A Legend (GYP) The GYP Vending Machine has returned. It is important to note that no player (with the exception of the goalkeeper) can have the exact same combination of levels with their GYPs. This means that
